SCHOOL MUSICAL

Agreement that decision on Focusfish cannot happen by 1st April because we need financials from 2019 as well as parent 'school spring play survey' results. Tracy will let Focusfish know.

Discussion about whether the spring play should return to being 100% volunteer led with no paid roles or a very minimal stipend to parents willing to step into the main roles of Director, Producer, Musical Director etc. AND whether the spring play could be downsized or imagined differently to become more manageable for parent volunteers to get involved in the heavier leadership roles. **NO DECISION HAS BEEN MADE ON A RECOMMENDATION EITHER WAY.**

School musical survey - questions to be done to go out to whole school asap after play

Need 2017 & 2018 play financials from Tracy / Stefanie

ART TEACHER POSITION

The VAPA committee went thru Curriculum Committee's notes on the 'pilot program' art teacher.

VAPA will propose an art teacher bi-weekly which will be paid for by former Art Trek funds, proceeds from the school musical, the Variety Show and savings that TEP has found in other items. The hope is to employ a credentialed teacher working on a quarter-time schedule.
